CLEVER FUNCTION FOR ACOUSTIC
PANELS IN SCANDI STYLE

2 SilentDesign LivingWall

The LivingWall is the clever way to turn an acoustic wall design into a functional highlight – in a high-quality Scandi style. It creates rooms with ambience. Whether as a creative display for your favourite pieces, a practical shelf for your scarf, keys or umbrella and at the same time as an elegant eye-catcher – LivingWall has so much to offer.

LivingWall LIGHT

Spotlight

The Spot can light for up to 5 hours, is very easy to remove using a magnetic system and can be recharged via USB.

Cube wall light

In addition to the functions of the spotlight the Cube is equipped with a motion detector and remote control. The angle of the light cone is variable.

LED Stripe

The LED Stripes create a warm white ambience. Up to 3 LED Stripes can be connected to one transformer and are dimmable by remote control.

LivingWall FUNCTION

1 Shelves

Our powder-coated metal shelves are holders for keys, mobile phones etc. Available in three widths and two depths.

3 Mounting elements

The fastening all-rounder for pictures, clocks and much more.

2 Hooks & Knobs

Everything has its place on our metal hooks in sizes S and L. Rounded off with a fine wooden knob in black, white or natural.

4 Flowerpot ring

Beautiful plants really bring the LivingWall to life. Soeren is a real eye-catcher for creative plant lovers.

Fast Installation with PEB

PEB stands for PropEyeBolt – the mounting bolt specially developed for Living Wall, which allows all elements to be firmly positioned at any position with a simple screwdriver.
